Understanding and Documenting AS9120B Aerospace Quality Management Systems (AQMS)

Course Duration: 2 Days

Seminar Content

Omnex is an Exemplar Global Certified TPECS provider for Exemplar Global-QM Competency Units. This seminar fully covers the ISO 9001 requirements in addition to the requirements of AS9120B, which is the quality management standard for Aviation, Space and Defense organizations. Other topics include the documentation process, and implementing or upgrading a management system to meet the requirements of AS9120B and the operational objectives of the company.

Note: The Aerospace Auditor Transition Training (AATT) must also be completed in order to become a certified Aerospace Auditor.

Attendees who successfully demonstrate competence during this course will achieve a Certificate of Attainment for the following competency units:

Exemplar Global-QM

Learning Objectives

- ✦ Understand the application of Quality Management Principles in the context of ISO 9001 and/or AS9120B.
- ✦ Relate the quality management system to the organizational products, including services, and operational processes.

Seminar Outline
