Understanding the Requirements for AS9110C for Aerospace Quality Management Systems (AQMS)

Course Duration: 2 Days

Seminar Content

Omnex is an Exemplar Global Certified TPECS provider for Exemplar Global-QM Competency Unit. This seminar fully covers the ISO 9001 requirements in addition to the requirements of AS9100D and AS9110C, which is the quality management standard for Aviation, Space and Defense organizations. Other topics include audit systems, the auditing process and audit instruments; the documentation process, conducting an audit, writing the audit report, and taking corrective action. Auditing case studies to develop skills for identifying nonconformities will be used.

Attendees who successfully pass the exams during this course will achieve a Certificate of Attainment for the following competency units:

- Exemplar Global-QM

Note: The QM competency unit can only be used for ISO 9001 auditor certification. Further IAQG-sanctioned AS9100-D and AS9110C training will be required to become an IAQG-certified aerospace auditor.

Learning Objectives

- Understand the application of Quality Management Principles in the context of ISO 9001, AS9100D and/or AS9110C.
