ISO 45001:2018 Internal Auditor Training for Health and Safety Management Systems

Course Duration: 3 Days

Seminar Content

Omnex is an Exemplar Global Certified TPECS provider for the Exemplar Global-OH and Exemplar Global-AU Competency Units. This three-day seminar fully covers the requirements of ISO 45001:2018, which is the upcoming international standard for Occupational Health and Safety Management Systems. Auditing topics from ISO 19011 such as the auditing process and methodologies, e. g. planning and conducting an audit, writing nonconformity statements, preparing an audit summary and report, and verifying corrective actions are also covered with a focus on ISO 45001:2018. Auditing case studies to develop skills for identifying nonconformities will be used.

Attendees who successfully pass the exams during this course will achieve a Certificate of Attainment for the following competency units:

- Exemplar Global-OH
- Exemplar Global-AU

Learning Objectives

- ✦ Identify OHS hazards that are reasonably expected to occur for that business type or industry.
- ✦ Assess the risk of identified hazards in the context of the organization's OHS management system.
- ✦ Assess the effectiveness of methodologies to control OHS hazards.

- ✦ Assess the OHS roles and responsibilities within the context of the organizational environment.
- ✦ Determine the adequacy and effectiveness of an OHS management system.
- ✦ Understand the application of the principles, procedures and techniques of auditing.
- ✦ Understand the conduct of an effective audit in the context of the auditee's organizational situation.
- ✦ Understand the application of the regulations, and other considerations that are relevant to the management system, and the conduct of the audit.
- ✦ Practice personal attributes necessary for the effective and efficient conduct of a management system audit.
