# Understanding the Requirements of ISO 45001:2018 for Health and Safety Management Systems

Course Duration: 2 Days

## Seminar Content

Omnex is an Exemplar Global Certified TPECS provider for the Exemplar Global-45001 Competency Unit. ISO 45001:2018 is the new upcoming international standard for Occupational Health & Safety Management Systems. This seminar takes 1.5 to 2 days to complete and fully covers the ISO 45001:2018 requirements.

## Learning Objectives

- Identify OHS hazards that are reasonably expected to occur for that business type or industry.
- Assess the risk of identified hazards in the context of the organization's OHS management system.
- Assess the effectiveness of methodologies to control OHS hazards.
- Assess the OHS roles and responsibilities within the context of the organizational environment.
- Determine the adequacy and effectiveness of an OHS management system.

## Seminar Outline

### Day 1

- Introduction and Welcome
- Introduction to ISO 45001:2018
- ISO 45001:2018 Requirements
- **Group Exercise: Context of the Organization**
- **Group Exercise: Risk Assessment**

### Day 2

- ISO 45001:2018 Requirements (cont'd)
- **Group Exercise: Audit Scenarios**
- **OH&SMS Written Exams**

## Who Should Attend

This seminar is designed for Health & Safety Compliance Managers, ISO 45001:2018 Implementation Team Members, and Management Representatives.

Attendees who successfully pass the exams during this course will achieve a Certificate of Attainment for the following competency unit:

- Exemplar Global-45001

## Seminar Materials

Each participant will receive a seminar manual.

## Pre-Requisite

A general understanding of ISO 45001:2018 is recommended.
