Understanding Integrated Management Systems (ISO 9001 and/or IATF 16949 and ISO 14001)

Course Duration: 2 Days

Seminar Content

What is an integrated management system?

An integrated business management system focuses on competitive advantage, employing common processes to efficiently manage and optimize performance. This two-day seminar focuses on the integration of the standards. The intent is not to teach the “**shalls**” of each standard, but rather to understand how the requirements and clauses are integrated and their impact on management systems.

Learning Objectives

- Understand the Integrated Management Systems auditing process.
- Understand how the ISO 9001:2015 and/or IATF 16949:2016 and ISO 14001:2015 requirements and clauses integrate.

Seminar Outline

- Introduction and Welcome
- The ISO Standards Explained
- Basic Principles and Methodologies
- ISO 9001:2015 and/or IATF 16949:2016 and ISO 14001:2015 Requirements

Who Should Attend

Quality Assurance Managers, Environmental Managers, General Managers, ISO 9001 and/or IATF 16949 and ISO 14001 Implementation Team Members, and Management Representatives.

Seminar Materials

Each participant will receive a seminar manual and a workbook.

Pre-Requisite

At least an introductory understanding of ISO 9001:2015 and/or IATF16949:2016, and ISO 14001:2015 is required. A professional understanding is preferred.
