

ASHIK P AZEEZ, OMNEX India's Associate Consultant – Management Systems, is based out of our Chennai & Dubai office. His consulting career is enriched by the experience that he has gained from various manufacturing, industrial and service sectors. He is an ardent believer of a well-designed and implemented Quality Management System and its ability to drive the organization ahead of its peers. He has obtained his bachelor degree in Automobile Engineering from Mahatma Gandhi University.

He is having more than 3.5 years of experience in automotive/ consulting industry. He started his career as a Quality Engineer in Vibromech Engineers & Services Ltd, Chennai. After one year he joined as an Associate consultant with Omnex, he has completed more than 120 days of consulting with Noor Bank, Dubai. He has been involved in the design and implementation of quality management systems and also played a vital role in implementing 5S and setting up of Firewalls and Quality gates for product problem solving.

With high passion and a strategic mind-set, Ashik has helped various organizations and individuals to build their capability and competency in order to achieve their business/personal goals effectively. His flair for quality management system (QMS) design and implementation, statistical interpretation and problem-solving skills has earned him appreciation from his clients.

Ashik is a certified Internal Auditor for ISO 9001:2015 and Automotive core tools. He is also a Certified Quality Professional (CQP) from OMNEX Academy USA.
