

Name: Elvin T. Philips
Designation: Associate Consultant

Major highlights

- Documentation, Coaching and Implementation of ISO 9001, ISO 14001, ISO 45001, ISO 50001
- CAR-145 regulatory certification for repair of Aircraft Engine Components
- Facilitated training and testing for Human Factors in aviation for major multi-national companies

Elvin is an Associate Consultant in Integrated Management Systems development with Omnex, serving clients worldwide. Operating from Omnex's Asia-Pacific Headquarters (India), Elvin has over 6 years of experience in Integrated Management Systems (IMS) development for Oil & Gas, Aviation, ICT, Electronics, Automotive, and other industries.

An Engineer by profession, Elvin has incredible exposure in Quality Management Systems as well implementing regulatory requirements necessitated for compliance (FAR-145, CAR-145) for repair and release aircraft engine components, including experience in Special process auditing for aviation maintenance, repair, and overhaul (MRO) agencies.

During his tenure in industry, he has helped clients with auditing, and implementation of IMS standards to ensure conformance to ISO 9001, ISO 14001 and ISO 45001. He succeeded in implementing process improvements for power turbine overhaul facilities to meet aviation regulatory requirements such as CAR-145 and FAR-145. He has cumulatively identified hundreds of findings in audits for Integrated Management Systems, ISO 50001, IATF 16949, VDA 6.3, special processes (Thermal Spray, Welding, NDT) and facilitates core process development for the aforementioned standards.

He has been critical in support of implementation projects on internationally recognized standards such IATF 16949:2016, ISO 9001:2015, ISO 14001:2015, ISO 45001:2018, ISO 50001:2018, TISAX, ASPICE PAM 3.1 and comprehensive CSR's such as Verizon's VZ.TPR.9404. Additionally, he has monitored and maintained effective QA/QC systems in place for these projects while strictly adhering to requirements of standards. He is also engaged in helping companies from manufacturing and service industries in achieving various business excellence certifications. He is currently helping clients with implementation and auditing in line with IMS standards (ISO 9001, ISO 14001, ISO 45001), TISAX, IATF 16949:2016, and VDA 6.3.

Elvin is currently associated with the following clients: ENOC, Signify-Philips, Western Digital, GE, BHEL, Belden Broadband Solutions, Segula Technologies, Envision AESC, Daimler India, Tata Motors, and more. His knowledge and experience of quality/integrated management system design, documentation and implementation, core tools interpretation such as FMEA, problem-solving skills, solution-oriented mindset and unwavering dedication has earned him appreciation from his clients.
