

Name: Elvin T. Philips
Designation: Associate Consultant

Major highlights

- Documentation and Implementation of ISO 9001, ISO 14001, ISO 45001, ISO 50001, TISAX
- CAR-145 regulatory certification for repair of Aircraft Engine Components
- Facilitated training and testing for Human Factors in aviation for major multi-national companies

Elvin is an Associate Consultant in Quality / Integrated Management Systems with Omnex. Operating from Omnex's Asia-Pacific Headquarters in India, Elvin has over 5 years of experience in Integrated Management Systems (IMS) development for manufacturing in ICT, Electronics, Automotive and Aviation industries including Special process auditing experience for aviation maintenance, repair, and overhaul (MRO).

An Engineer by profession, Elvin has had great exposure in Quality Management Systems as well implementing requirements necessitated for regulatory compliance (FAR-145, CAR-145) for repair and release aircraft engine components.

During his tenure in industry, he has helped clients with auditing, and implementation of, IMS standards to ensure conformance to ISO 9001, ISO 14001 and ISO 45001. He succeeded in implementing process improvements for power turbine overhaul facilities to meet aviation regulatory requirements such as CAR-145 and FAR-145. He has uncovered hundreds of findings in audits for Integrated Management Systems, ISO 50001, IATF 16949, VDA 6.3, special processes such as Thermal Spray, Welding, NDT, and facilitates core process development for the aforementioned standards.

He has been critical in support of implementation projects on internationally recognized standards such IATF 16949:2016, ISO 9001:2015, ISO 14001:2015, ISO 45001:2018, ISO 50001:2018, ASPICE PAM 3.1, AS9100D and TISAX. He has established and maintained Quality Management Systems to strictly adhere to established CSR's in the ICT manufacturing sector and is also engaged in helping companies from manufacturing and service industries in achieving various business excellence certifications. He is currently helping clients with implementation and auditing in line with IMS standards (ISO 9001, ISO 14001, ISO 45001), TISAX, IATF 16949:2016, and VDA 6.3.

Elvin is currently associated with the following clients: ENOC, Signify-Philips, Western Digital, BHEL, GE, Daimler India, Tata Motors, Belden Broadband Solutions, Verizon, Segula Technologies, Envision AESC, KEI and more.

His knowledge and experience of quality/integrated management system design, documentation and implementation, core tools interpretation such as APQP, PPAP, FMEA, problem-solving skills and a solution-oriented mindset has earned him appreciation from his clients.
