intacs Certified Competent Assessor (Automotive SPICE® V3.1)

Course Duration: 5 Days

Seminar Content

This five-day training course provides you to acquire the knowledge required to be an Automotive SPICE® competent assessor and guides you to pass the examination to be held on the final day of this course. There will be numerous practical exercises and role-plays will be performed to understand the different technique to plan, conduct, report, and lead assessment. This will allow you to formally assess processes at your company and your supplier according to the ISO/IEC 330xx standard. The detailed requirement to conduct assessment with reference ISO/IEC 330xx will be taught.

In order to pass exam, you must actively involve with training without missing any class and complete home assignment provided before training. On last day, examination will be conducted by independent body VDA-QMC.

Learning Objectives

- ❖ Provide a fundamental understanding of the Automotive SPICE® process improvement and assessment model
- ❖ Extend the experience gained in the training for becoming a Provisional Assessor as well as practical assessment experience
- ❖ Train the participants to become good lead assessors including planning, execution and reporting according to Automotive SPICE®
- ❖ Provide knowledge required to take on the tasks of a Competent Assessor for an assessment in accordance with ISO/IEC 15504 resp. ISO/IEC 330xx
