intacs Certified Provisional Assessor (Automotive SPICE® V3.1)

Course Duration: 5 Days

Seminar Content

This five-day course prepares you to take the exam for qualification as an "intacs™ Certified Provisional Assessor (Automotive SPICE® v3.1)". You will become familiar with the Automotive SPICE® v3.1 process assessment model, which is generally used for assessments in the automotive industry.

With many practical exercises and tips you will learn to work with individual aspects of assessments. Upon completion, you will be able to assess processes according to Automotive SPICE® independently (but under the authority of a Competent Assessor) in your own company or at your suppliers and then improve the processes based on the assessment results.

To complete the training successfully, you must actively participate in the course and pass the independent exam. Individual preparation at the end of each training day is recommended in this regard.

Learning Objectives

- ❖ Provide fundamental understanding of the Automotive SPICE® process improvement and assessment model
- ❖ Be able to conduct process assessments according to Automotive SPICE®
- ❖ Gain initial exposure to the planning, running and documentation of assessments
- ❖ Gain certification as an intacs™-certified Provisional Assessor
